BBBSUPPORTTAX. Biden and Democrats' new economic plan would be paid for by increasing taxes on billionaires and multi-millionaires with income over \$10 million, creating a minimum 15% tax on corporate profits, adding an additional 1% tax on corporations that use profits to buy back their own stock, and cracking down on tax evasion. Raising taxes on the wealthy and corporations would also go toward reducing the federal deficit. Knowing this, do you support or oppose this legislation?
